# ORIENTAL WISTARIAS

THE GARDEN NURSERIES

A. E. WOHLERT, Owner

Montgomery Avenue, Penn Valley, Narberth, Pa.

1933

Copyright, A. E. Wohlert, 1933

Longcluster Wistaria at home, showing very long racemes. The little lady is not likely less than four and a half feet high, therefore, the flowers over her head are surely 4 to 5 feet long.

# WISTARIA

WITHOUT any doubt Wistaria is the finest flowering vine in cultivation in the temperate climate. It is adaptable to all conditions, for pergolas, to cover dead or live trees, to cover unsightly buildings, to beautify lovely buildings, as formal tree-like plants for formal gardens, in bush form on the lawn, and many other purposes.

Wistaria may be raised from seed and under certain favorable conditions may produce flowers within a reasonable time.

Many nurseries sell seedling Wistaria, as they can be produced cheaply, but the unfortunate result for the unlucky buyer is, they may not flower in his life time. For good and reasonably prompt results, it is absolutely necessary that Wistaria must be produced, grafted, from flowering wood, at least from flowering vines. This process of grafting has a distinct tendency to slow up the growth and will under all circumstances produce flowers within two or three years after transplanting from the nurseries. Under certain favorable conditions, especially with larger vines, one can be assured of flowers at once. Under no circumstances should gardeners plant seedling Wistaria.

Our Wistaria are all grafted from scions taken from blooming vines or from flowering wood. Our stock should bloom at once or very soon after planting. Grafted plants cannot be sold as cheaply as seedlings. Seedlings may not bloom for ten years.

WISTARIA CHINENSIS (Chinese Wistaria) is an excellent sort proven by being the most commonly known Wistaria in our gardens. This species is very fragrant, and is available in two distinct varieties as indicated below:

**WISTARIA CHINENSIS—Purple.** This is the most popular variety of all, perhaps because it is found in most every nursery.

	Price	
	Each	Two
2 yrs.	\$1.50	\$2.50
3 yrs.	2.50	4.50
6 yrs.	15.00	25.00

**WISTARIA CHINENSIS ALBA—White.** I believe this sort is more fragrant than the purple form. No seedlings. Grafted stock only.

	Each	Ten
2 yrs.	\$1.75	\$15.00
3 yrs.	2.75	20.00

## *Japanese Longcluster or Weeping Wistaria*

JAPANESE WISTARIA, the most picturesque of all Wistaria, will certainly take the place of the common sort as soon as enough plants are available, at least for use as a pergola vine; a glance at our illustrations will prove that. The flower clusters are very much elongated, the flowers being somewhat thinly distributed along the central cord, or stem, producing an unrivalled, graceful effect.

Be sure to order one or two vines at once, as the supply is limited. If we have sold out when your order arrives, your order may be booked either for next fall or spring planting season. Along with the description of each variety, you will find the number we can spare for each customer. If not limited, it will also be stated. No Wistarias will be supplied to dealers.

### WISTARIA FLORIBUNDA (*Wistaria multijuga*)—Purple.

Flower clusters of medium length on young plants; 24 Grafted plants. The old plant from which our stock was produced frequently produces racemes 30 inches long.

		Each	Ten
	2 yrs.	\$2.50	\$20.00
	3 yrs.	3.50	25.00
Supply not limited.	4 yrs.	5.00	35.00

The following sizes of Wistaria Floribunda are specimens. The stocky plants are tree-like, as they were grown without support. This variety is not grafted and there is a variation in the length of racemes and also in the intensity of coloration. All purple shades or blue. They all have flowered for several years and are correctly labelled.

	5 ft. high x 5 ft. wide	\$10.00
	6 ft. high x 6 ft. wide	20.00
	7 ft. high x 7 ft. wide	25.00
	8 ft. high x 8 ft. wide	30.00
Supply not limited.	8½ ft. high x 14 ft. wide	40.00

### WISTARIA FLORIBUNDA ALBA. White Japanese Wistaria. An extra choice sort. Grafted, has flowered for several years.

		Each	Two
Limit to one order: four vines.	6 yrs.	\$15.00	\$25.00

### WISTARIA FLORIBUNDA KAME NODA. Purple flowers, 12 to 15 inches long. One of the better sorts, and greatest depth of color.

		Each
	1 yr.	\$2.00
Only two to each customer.	2 yrs.	3.00

### WISTARIA FLORIBUNDA MURASAKI NODA. Purple blooms, 24 or more inches long; strong grower, very free flowering. By the Japanese rated as "the" purple sort. "Murasaki" means purple.

		Each
	1 yr.	\$2.50
Limit to one order: two vines.	2 yrs.	3.50

Wistaria Floribunda Naga Noda; flowers 4 feet long.

**WISTARIA FLORIBUNDA NAGA NODA.** Extra long Japanese Wistaria. A variety of W. multijuga with astonishingly long clusters of light purple flowers. On a well-established vine they will run three to four feet in length. The original old vine frequently has them four to five feet long. Only two to a customer.

Other nurseries offer this variety in 2 or 3 yr. old vines at \$15.00 each.

	Each	Two
1 yr.	\$3.00	\$5.00
2 yrs.	5.00	9.00
3 yrs.	7.50	12.50
4 yrs.	10.00	20.00

Limit: two to each sale.

**WISTARIA FLORIBUNDA ROSEA (Rose Weeping Wistaria).** A superior variety of pink, weeping Wistaria produced from selected stock plants. A real sensation. Flower clusters of medium length on young plants; 24 inches or more on established vines.

	Each	Two
3 yrs.	5.00	9.00
4 yrs.	7.50	14.00
6 yrs.	15.00	25.00

Not limited.

Tree form or Standards, extra heavy.

4½ ft. stems	16.00	30.00
--------------	-------	-------

**WISTARIA FLORIBUNDA SHIRO NODA.** White form of Murasaki Noda. Bloom clusters 24 inches long. Also called "Fringe or Lacy Wistaria."

	Each
1 yr.	2.50
2 yrs.	3.50

Not more than 2 to each customer.

**WISTARIA FLORIBUNDA VIOLACEA PLENA.** Double Violet Japanese Wistaria. This variety is valued for its double flowers and deepest color of all the double Wistarias. A distinct novelty of great value.

	Each	Two
3 yrs.	\$5.50	\$10.00
4 yrs.	7.50	12.50

Not more than 4 plants to a customer.

**WISTARIA VENUSTA ALBA (Silky Wistaria).** A lovely, silk lace effect when a well-established plant is in full bloom. The plants are stocky, stiff tree-like and have bloomed at least once. Flowers 18 to 24 inches long. The plants offered are broad and bushy, 3 to 5 feet wide. Limit: four vines.

4 to 5 ft. high	\$10.00	\$15.00
-----------------	---------	---------

**WISTARIA MRS. McCULLAGH.** This is a rare and beautiful variety. Flowers are large purple in compact clusters; less vigorous than the others.

Not limited.	3 yrs.	5.00	8.00
--------------	--------	------	------

## Yellow Tree Wistaria

This tree is known to botanists as *Laburnum vulgare*, *Cytissus Laburnum* and various other names. It grows into a moderate dwarf tree, and when 5 or 6 years old is covered from top to bottom with pure yellow wistaria blossoms. This Yellow Tree Wistaria deserves to become better known and is destined to be exceedingly popular. Trees quoted herewith are post-paid if you see the size marked "P. P." In that case it will be sent by mail without any extra charge for delivery:

	Each	Ten
12 to 18 in.	\$1.50	\$10.00
2 to 2½ ft.	2.00	15.00
2½ to 3 ft.	2.50	20.00
Parcel Post prepaid		

(In order to permit us to send 3 ft. trees by mail, we will have to cut the 3 ft. size back to 30 ins.)

	Each	Ten
3 to 4 ft.	\$3.00	\$25.00
4 to 5 ft.	3.50	30.00
5 to 6 ft.	4.50	40.00
6 to 8 ft.	7.50	60.00
8 to 10 ft.	10.00	80.00

(These larger sizes will be shipped by freight or express. The price includes the packing, but not the delivery charges.)

## Longcluster Golden Tree Wistaria,

This is a decided novelty. While this variety has been offered to the trade during the past three years, it is yet practically unknown. The clusters run from 15 to 18 inches in length. The flower clusters are exact duplicates of longcluster wistaria, but somewhat shorter. It is a wonderful sight when in bloom and attracts a great deal of attention. The supply is limited.

		Each	Two
P.P. prepaid	3 to 4 ft.	\$5.00	\$8.00
Express prepaid	5 to 6 ft.	7.50	12.00
Express prepaid	7 to 8 ft.	10.00	16.00

*Prunus subhirtella pendula*, "Rosebud Cherry" Japan Weeping Cherry in flower.  
In the foreground is a Japan Cherry AMANOGAWA. As the date is April 15th,  
AMANOGAWA is not yet showing signs of life.

Special Price List

Use this list for changes in sizes and reduction in prices on some of the stock listed in our catalog.

JAPANESE ROSEFLOWERING CHERRIES

10-12'	3-3 1/2"	50.00	4,250.00

Soil Balls (B&B), generally speaking, are not necessary nor desirable and not to be recommended for distance shipments as they add materially to the cost of transportation and contribute little to the results.

No extra charge for packing Japanese Cherries up to 8 feet, and Weeping Cherries up to 7 feet, but on the larger sizes 10% additional will be charged, unless shipped in carload lots, when there will be no additional charge for packing.

No order accepted for less than \$5.00 on account of expense involved in packing small orders.

A. E. WOHLERT.

Japanese Rose-flowering Cherry: Naden Zakura. As grown in Narberth, Pa.

## A Few Unsolicited Testimonials from Our Satisfied Patrons

Hilo, Hawaii.

Dear Sir:

Trees which you recently sent me have come to hand. Permit me to compliment you on the excellent manner in which these trees were packed. They reached me in perfect condition and I am very much pleased with them.

(The trees shipped were Japanese Flowering Cherries, Chinese Flowering Crabs, Chinese Magnolias and Pyracanthus.)

Bronxville, N. Y.

January 20, 1930.

My dear Mr. Wohlert:

I have noticed with regret that this Commission has not told you how well the Cherries have done which you furnished in 1928.

We did not lose one tree out of the entire shipment, and despite the very unfavorable season last Summer the trees give every promise of giving a riotous display of bloom this Spring. Already the section in which they are planted is becoming a mecca for garden lovers.

Yours very truly,

Westchester County Park System.

Public Buildings and Public Parks of the

National Capital

Washington, D. C.

My dear Mr. Wohlert:

I have your helpful letter of November 18, 1930, together with enclosed detail list of Japanese Cherry Trees and Flowering Crabs, and I further desire to acknowledge the safe arrival of your shipment of 285 Japanese Cherries and 100 Flowering Crabs for planting in East Potomac and Anacostia Parks.

The larger portion of the consignment of Japanese Cherries has already been planted in East Potomac Park in large color groups of the same variety, where practicable, 20 to 30 feet apart in well drained locations, as you suggested in your last letter. I feel that these trees should make a really very fine showing next spring and I shall be pleased to show them to you upon your next visit to Washington.

In closing may I again express my warm appreciation of your assistance.

Very sincerely yours,

(Signed) F. B. Butler,  
Assistant Director.

Nantucket, Mass.

Dear Sir:

I wish to thank you for the extra cherry tree which you sent. It was very generous of you to include it. All the trees are fine specimens, and were received in excellent condition. They were planted immediately. If they prove a success, I hope their being planted here may lead to further orders from people who see them.

Milwaukee, Wis.

Dear Sir:

I want to thank you for treating me on the square. All the trees I received from you look good and healthy and hope they will bloom this Spring, and I hope you will send me your next catalog when it comes out, as probably it will have some other ones that will appeal to me. Again thanking you for sending me that extra tree and treating me fair, I remain as ever.

So. Orange, N. J.

Dear Sir:

It may interest you to know that every bit of the very fine stock ordered by me from your nursery last November and this last Spring has come triumphantly through the drought and is well established. I am sure it will be the source of much pleasure for many years to come.

Williamsport, Pa.

Dear Sir:

The well-rooted cuttings (*Pachysandra terminalis*) received from you at \$5.00 per hundred were in excellent condition and fine little plants I thought at that price. They far exceeded my expectations and I thank you for the same and also for their being received in such extreme weather so well packed.

Toronto, Canada.

Dear Sir:

Stock came in good shape, all growing.

New Rochelle, N. Y.

My dear Mr. Wohler:

The two trees you sent me to replace the peach trees arrived yesterday in perfect condition. I want to thank you for them, and to say that nowhere else, that I have dealt, have I ever received such prompt and courteous service, or such generous replacement when something had not proven satisfactory (which, with you, is rarely the case). Indeed many times I have had to suffer loss, which is one reason I have confined my orders to the Garden Nursery.

New York City, N. Y.

Dear Sir:

The shipment of trees arrived in good condition. I congratulate you for the efficient manner in which the shipment was made. The stock is good.

Mt. Vernon, N. Y.

Dear Sir:

We are very much pleased with the European Mountain Ash which you sent us. Same is thriving out at Copiague, L. I.

Oyster Bay, N. Y.

Dear Sir:

Enclosed find check for one dollar for packing charges. Received stock in fine shape, and we are well pleased with same.

Leominster, Mass.

Dear Sir:

Trees were planted the same day they arrived in excellent condition. Thank you.

Battle Creek, Mich.

Dear Sir:

Enclosed please find check to the amount of \$ . . . . . The trees all the way through were first class and could not be expected any better and I certainly do appreciate your way of handling, and I thank you.

Westport, Conn.

Dear Sir:

I have just received the Kofugen Cherry which you sent in place of the one that died. It is a fine tree, in good condition, and I wish to thank you for your fair and generous treatment and your interest in even a small order. Needless to say, it will give me great pleasure to recommend you to all my friends who are planting trees and shrubs.

Winnetka, Ill.

Dear Sir:

For some time I have expected to write you to acknowledge the receipt of the Flowering Cherry Trees I ordered in response to an advertisement in Horticulture. The trees arrived very promptly and in good order, and while they were small I hardly expected them to be of great size when only two years old.

New York, N. Y.

Dear Mr. Wohler:

The thirty cherry Yoshino reached me in fine shape and I am much obliged to you in selecting for me such nice matched specimens. We have planted them in an avenue thirty feet apart and in ten years they will be a fine sight. My old trees are magnificent this year, I wish you could see them. They certainly make a wonderful avenue tree, but they need room. Generally they are planted so close they lose all their character.

Long Island City, N. Y.

Dear Sir:

The trees arrived in splendid condition and we were simply delighted with them. In fact, we were agreeably surprised for they were much larger than we expected.

Roanoke, Va.

Dear Sir:

The Cherry Trees ordered by the City Manager of Roanoke came in splendid shape and were fine specimens. I had them planted today. Thank you very much for sending such nice ones. I hope to send in another order in the Fall if these do well.

Princeton, N. J.

Dear Sir:

The crab apples have arrived and in the rain this evening were planted. Mr. ——— and I both are delighted with them and feel that they are worth much more than we paid.

New York, N. Y.

Dear Sir:

The trees were delivered safely and in excellent condition Saturday. I wish to congratulate you on the character of your stock.
